EXHIBIT 14: SUMMARY OF REQUESTED PERCENTAGE CHANGES

Company Name: NAIC Code: SERFF Tracking I Market Segment:		NOTE: THIS EXHIBIT SHOULD NOT INCLUDE MEN	MBERS OR SUBSCRIBERS THAT	ARE CURRENTLY E	NROLLED IN PLANS THA	AT WILL NOT BE AVAIL	LABLE IN 2024								
	1. Use his Einhild for both hidvidual and Small Group Minker Plans. A apparatio Einhild should be provided for Individual and Small Group Minker Plans. A paramate Einhild should be provided for Individual and Small Group filings. Wheth some control refers to individual which includes Castantichical for Small Group.														
	The requested percentage rate change reflects the expected change in permism mates that would apply to the contract holder (or member for Small Group business) on that contract holder's next rate change date for each contract holder <u>within the indicated combination of metal level rations and product rame.</u> 4 The Product Street Name is the product mane as adverted as a consumer (a. a., a consumers are lakely in order to this productimate level has no consumer (a. a., a consumers are lakely in order to this productimate in the consumers (a. a., a consumers are lakely in order to this productimate in the consumers (a. a., a consumers are lakely in order to this productimate in the consumers (a. a., a consumers are lakely in order to the productimate in the consumers (a. a., a consumers are lakely in order to the productimate in the consumers (a. a., a consumers are lakely in order to the consumers (a. a., a consumers are lakely in order to the productimate in the consumers (a. a., a consumers are lakely in order to the productimate in the consumers (a. a., a consumers are lakely in order to the productimate in the consumers (a. a., a consumers are lakely in order to the productimate in the construction of metal level in the consumers (a. a., a consumers are lakely in order to the consumers (a. a., a consumers are lakely in order to the consumers (a. a., a consumers are lakely in order to the consumers (a. a., a consumers are lakely in order to the consumers (a. a., a consumers are lakely in order to the														
	If the percentage changes (lowest and highest and weighted average) are identical for all the fraiting regions, then separate rows treed to be used for each rating region reserves. Rating region this either is the change range information differs by rating region, then separate rows need to be used for each rating region review reserves. Rating region mass used on this either is to be use the standard rating region, then separate rows need to be used for each rating region review. The foreign region report uses. The foreign region report and varyer (see, full region of any any any any and varyer (see, full region) are also of any														
	8 *Lowest should be the similar percentage change that could affect any context holder due to the schrifted rate filting with the metal level and rate finger dies. 9 *Virgination from the better large percentage change that could affect any context holder due to the schrifted rate filting with the miss level and and rating region, including any specialized rises.														
1	11 Percentage Rate Changes should be calculated using mem		on, including any applicable riders.												
		xhibit should equal the total in Cell Q-61 of Exhibit 13c.													
1	14 The Total Number of Members and Subscribers in Cells H-24 and 1/24 of this Exhibit should equal the totals in Cells Q-45 of Exhibit 13c and Cells Q-43 of Exhibit 13c and Cells Q-10 of
